

A 10x10 grayscale heatmap representing a handwritten digit '4'. The digit is formed by a cluster of pixels with varying intensities, ranging from dark gray to bright white. The shape is centered in the upper half of the grid. The background is black. The digit's structure includes a vertical stroke on the right, a horizontal crossbar, and a diagonal stroke on the left. The pixel intensities vary, with the brightest pixels (white) forming the central part of the digit, and darker pixels (gray) forming the outer edges and some internal details.
